Tarp Width ----- Bale Diameter	23' 8011002 P-23x48-Rnd	25' 8011003 P-25x48-Rnd	28' 8011001 P-28x48-Rnd	30' 8011005 P-30x48-Rnd	33' 8011006 P-33x48-Rnd	40' (Ships Direct) P-40x48-Rnd	45' (Ships Direct) P-40x48-Rnd
<b>48" Bales</b>	Stacked 3-2-1 		Stacked 4-3-2-1 	Round bale stacks should run East-West, to prevent northern exposure damage on the exposed ends.  Always build your stack to look like the stacks below. Water will collect on flat stacks, and water is an invitation for rodents and birds to bite and poke holes in your tarp!			
<b>60" Bales</b>		Stacked 3-2-1 			Stacked 4-3-2-1 		
<b>66" Bales</b>			Stacked 3-2-1 			Stacked 4-3-2-1 	
<b>72" Bales</b>	Custom Tarps are available for larger piles of hay as well as specialized applications. Bottom bale protection is also available. Ask for more details.			Stacked 3-2-1 			Stacked 4-3-2-1
