## WHOA GRASS!!

Click on the picture below to learn about transitioning your horse from hay to pasture and the safe grazing times.

## Easy Keepers?

Have you looked at the feed tag recently? If you are not feeding

your horse to the recommendations they are not getting all the nutrients they need. Consider "*feeding*" them a ration balancer.

Give them all the vitamins and minerals they need in a small serving to stay healthy and happy without the scares of extra calories or NSC's.

Featured to the left is our Fortify Supplement Pellet. It is a vitamin and mineral pellet that is designed to be fed at a rate of 1-2 lbs for the average horse.

We also have other vitamins and minerals and ration balancers from our ADM line.

**ALL Fly Spray 15% OFF**

Looking for feed through fly control?  
Look no further, consider them gone!

Pelleted fly control supplement  
for equine.

We have the loose mineral,  
blocks, tubs and even milk  
replacer with fly control for your  
cattle.

**DON'T FORGET ABOUT OUR WILL CALL DISCOUNT!**

Just by coming into the store you save 20 cents on  
**EVERY BAG** of feed (28 lbs and up)

Sale Prices and Discounts are only good at Farmers Cooperative  
in Frederick, MD from June 1st through June 30th.
