FEEDING DIRECTIONS

Feed ½ to 1 lb. of Senior Advantage Pellet per 100 lbs. of bodyweight per day for the maintenance of senior horses. Do not feed more than 5 lbs. of Senior Advantage Pellet at a single meal. Instead, divide into two or more equal feedings throughout the day. Allow 3-4 hours between meals when feeding 4-5 lbs. at a single meal. Add at least 1 cup of warm water per 2-3 lbs. of Senior Advantage Pellet 5-10 minutes prior to feeding. (Add 10-15 minutes prior if using cold water.) Water amount may vary to meet the specific needs of your horse. Supplement with good quality forage and free choice equine mineral. Have plenty of clean fresh water available at all times.
